

Instructions and Items

(1) Yes

(5) No

In the past N months, have you had a head injury where you lost consciousness (were knocked out or passed out) or where you needed medical treatment (e.g. stitches)?

Did you require medical treatment (the first time you had a head injury in the past N months)?

What kind of medical treatment did you receive the first time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the first time in the past N months)?

Have you has any other head injuries in the past N months?

Did you require medical treatment (the second time you had a head injury in the past N months)?

What kind of medical treatment did you receive the second time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the second time in the past N months)?

Have you had any other head injuries in the past N months?

Did you require medical treatment (the third time you had a head injury in the past N months)?

What kind of medical treatment did you receive the third time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the third time in the past N months)?

Have you had any other head injuries in the past N months?

Did you require medical treatment (the fourth time you had a head injury in the past N months)?

What kind of medical treatment did you receive the fourth time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the fourth time in the past N months)?

Have you had any other head injuries in the past N months?

Did you require medical treatment (the fifth time you had a head injury in the past N months)?

What kind of medical treatment did you receive the fifth time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the fifth time in the past N months)?

Have you had any other head injuries in the past N months?

Did you require medical treatment (the sixth time you had a head injury in the past N months)?

What kind of medical treatment did you receive the fifth time you had a head injury in the past N months? Open-ended interview item. Answer does not appear in SPSS.

Did you have seizures as a result of this injury (the sixth time in the past N months)?

Total number of head injuries (max of 6)

Did any of the head injuries you mentioned occur during Month 1?

Did any of the head injuries you mentioned occur during Month 2?

Did any of the head injuries you mentioned occur during Month 3?

Did any of the head injuries you mentioned occur during Month 4?

Did any of the head injuries you mentioned occur during Month 5?

Did any of the head injuries you mentioned occur during Month 6?

Did any of the head injuries you mentioned occur during Month 7?

Did any of the head injuries you mentioned occur during Month 8?

Did any of the head injuries you mentioned occur during Month 9?

Did any of the head injuries you mentioned occur during Month 10?

Did any of the head injuries you mentioned occur during Month 11?

Did any of the head injuries you mentioned occur during Month 12?

Did any of the head injuries you mentioned occur during Month 13?

Did any of the head injuries you mentioned occur during Month 14?

reference>

Head injury items developed for the study based on consultation with Lisa Morrow (WPIC) and Charles Nelson (University of Minnesota).
